

Welcome to Joyce's Toluca Lake Preschool and Kindergarten!

Joyce's Toluca Lake Preschool is a year-round children's center offering full-time or part-time enriched care. There is a group enrichment experience for pre-school children from two-five years of age. Our program includes creative expression in art, music, literature and science at the preschool level.

Enrollment is limited to allow our staff to give more personalized attention to your children, which enables each child to develop according to his/her ability regardless of chronological age.

Our full day program includes enrichment classes, music and movement, language arts and science along with two snacks, a 'home cooked' hot lunch and supervised nap or rest time. Each child is given the opportunity to grow toward independence and self-discipline under the loving guidance of highly trained teachers.

Our Mission Statement

Our school is dedicated to extend and enrich an understanding of the world through 'teaching in the key of life'. At Joyce's, 'Teaching in the key of life' always means that one's heart and mind are fully engaged:

1. To insure the safety of all children
2. To promote good healthy habits
3. To promote physical growth and motor development
4. To increase self-confidence and self-expression and feeling secure in all situations
